VIRTUAL EDUCATION IN NURSING: INTERMEDIATE

From the Learning Center at

http://nursing-informatics.com

OVERVIEW

LEARN IN COMFORT AT HOME OR WORK

ONCE ENROLLED, YOU WILL RECEIVE YOUR USER ID & PASSWORD TO ACCESS THE COURSE BY EMAIL.

This 13 module (39 CE credit) course provides nursing educators, scholars, leaders, and students with advanced theory, pedagogy, applications, dynamics and process activities for teaching nursing in the virtual environment. The learner will design an advanced-level learning environment for nursing instruction as part of the

FLEXIBLE & SELF PACED

WORK AT YOUR OWN SPEED.

assessment process. This course entails 39 instruction hours, equivalent in length to a standard 3 credit college course. This course is personalized, self-paced and taken entirely online in the privacy and comfort of your own home or office. You will receive one to one interaction with your instructor and your modes of assessment and study will be fine-tuned to suit your personal learning styles, preferences and needs.

Practice includes learning how to expertly utilize the online environment to teach a selected nursing topic. The principles of critical reflection, collaborative activities, multimedia development, as well as virtual poll,
