NRED 100: Virtual Education for Nursing: I

 Credits: 39 CE hours

 Length: 13 modules

 Tuition: $199 USD

Nursing Informatics
Learning Center

*Empowering Nurses for the 21st Century*

OVERVIEW

This 13 module (39 CE credit) course introduces nursing educators, scholars, and leaders to basic theory, applications, pedagogy, dynamics and the process of teaching nursing in the virtual environment.

Practice includes learning how to utilize the online environment to teach a selected nursing topic. The principles of design, metaphor, color, usability, visual learning, graphics, navigation and interaction will be incorporated and applied to the design of a rudimentary learning environment

OBJECTIVES - Learners will:

- Apply theory related to distance education, virtual pedagogy, web development , human-computer interfaces, and online aesthetics.

- Explore the dynamics of planning an online learning environment for nursing

- Apply principles of design, metaphor, color, usability, visual learning, graphics, navigation and interaction to course development C

- Customize an online course management system for nursing education

- Practice online education development .

- Explore the use of online learning environments for instruction, decision making, collaboration and networking

- Plan and create a fundamental online nursing education environment

- Apply, engage in and assess the utility of this online education environment
