Nursing 3231: WORKSHEET

COMMUNITY OF PRACTICE DESIGN

STUDENT NAME: _____

The assigned readings (particularly the iCohere guidelines for COP design) support the development of professional networking, collaboration, and communities of practice in ALL fields, which extends to health care and nursing.

Plan a community of practice (COP) that could evolve in your particular area of practice. Also include nursing informatics as a key component/focus of this COP.

You may find the open source (free) software listed here useful for shaping your description.

TARGET COMMUNITY:

AREA OF PRACTICE:

NURSING INFORMATICS FOCUS:

COMMUNITY OF PRACTICE DESIGN	
INQUIRE:(audience, purpose, goals, vision)	
DESIGN: (activities, communication, interaction, learning, knowledge sharing, collaboration, roles and social structures)
